

Thank you to all who attended
Our Spring 2010 meeting!
Here are the comments!

"The level of participation and accessibility of the RCRS doctors and nurse and the affiliated hospital facilities enhance the program and add value to the audience. Well organized. Proper meeting space and room. Informative and easy going atmosphere."

"I'm glad I came to see how everyone is doing with their J-pouches. I wish I could have had the robotic surgery, but it wasn't around when I had mine done."

"Thank you for holding these meetings. I haven't had a checkup in a while because I really feel great. I guess I should call and make an appointment. Thanks, Barb, for the encouragement."

"Fabulous meeting, as always."

"It was nice to see Barb and Dr. Rauh in action."

"I enjoy all the pictures and videos of the surgeons. All the people were very welcoming and caring. There was a lot of great information about surgery discussed. I like the open forum discussions."

"Nice meeting, nice turnout."

"I thought the meeting was very informative, it was interesting to see the video of the robotic surgery. It made the thought of surgery less scary. It is nice to have staff from the office and the hospital present at these meetings."

"As usual, even after all these years I still learn something every time."

"Thank you Barb for taking special care of me."

"Glad I could find the time to make this meeting. It's been a while since I've been able to attend. The robotic info is stuff I've never seen!"

"Meeting was great as usual. All the support is greatly and deeply appreciated."
